Methodological Note

Scores by MDG are based on simple averages of scores obtained from the underlying targets and indicators. The scoring criteria are: Off track = 1; Unlikely = 2; Potential = 3; Probable = 3.5; On Track = 4; Achieved = 5. Some MDG Reports indicate clearly these assessments, and in those cases the assessment was adopted in the target chart, and accordingly scored from 1 to 5. For other countries, the assessment was extracted from the original data provided by the MDG Report. Underlying sources and calculations are available.

Scale	Key
Achieved	Green
On Track	Light Green
Probable	Light Green
Possible	Yellow
Unlikely	Red
Off Track	Red
Insufficient Info.	Light Blue
